4

Replaceable/Additional Parts (cont'd)

Several Glass Mouthpieces Available and more glass designs on the way! for your oZone Portable eNail

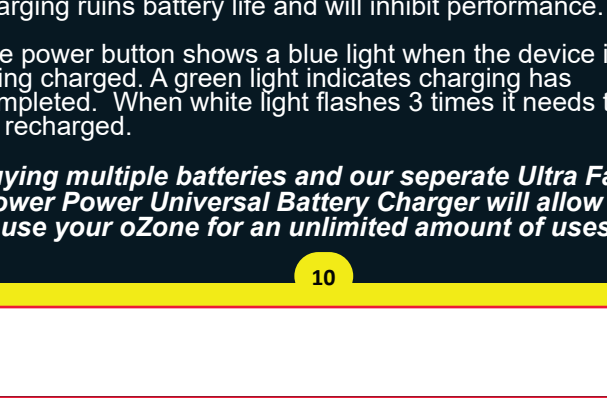

AVAILABLE @ 420life.com

5

710 Life eNail Assembly:

- Before first use unscrew oZone main tube counterclockwise and reverse the battery. Make sure the positive symbol (+) is facing top of unit (see photo).

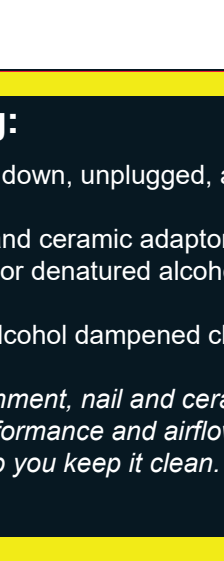

Screw back together and charge for 7-8 hours 1st use!

6

710 Life oZone Setup:

Please read all of the next page 8 first before filling.

Fill water in (Section A) from top hole, do not over fill. No water should be present in the bottom part of glass connection (Section B). If this occurs, remove all the water from (Section B) by tilting (see photo).

7

Getting Started

1. Do not leave device in direct sunlight or extreme heat.
2. Do not attempt to use the device without the glass attachment in place.
3. Load water (generally twist & remove glass)
4. Load your product on tip of tool.
5. Press the power button 5X times to heat nail. The unit will begin with blue light and change to white light after 40 seconds indicating it is ready to use. The nail will continue heating for 20 seconds before it shuts off. This is called 1 heating cycle. For ceramic and titanium nail you can use it on the 1st cycle. For the quartz nail it is suggest you use it on the 2nd cycle.
6. Touch tip of tool to nail when light changes from blue to white, then begin to inhale through glass mouthpiece.

8

Getting Started (cont'd)

7. Once all product has melted off of tool, flip tool around and place carb cap on top of the glass over nail and rock back and forth over glass opening to increase vapor density. (generally 5-10 seconds)
8. Do not attempt to place the device down on a surface without the base. The base ensures proper weight distribution to avoid damage to the glass attachment.
9. When the battery is low, both white light and blue light will flash 8 times.
10. The light on the power button will flash 3 times to indicate battery is connected correctly.
11. Do not heat the device more than 3 cycles continuously to avoid bodily harm or bodily injury or damaging your oZone circuitry.

9

Charging Your oZone

How to Charge: Charging port located to right of the power button. For your first time using the oZone, fully charge the battery for 7-8 hours, even if the light has become green. Partial charging ruins battery life and will inhibit performance.

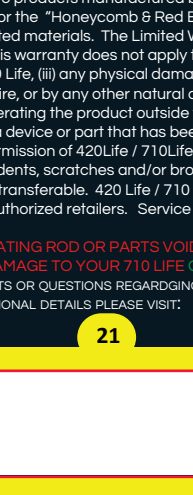

The power button shows a blue light when the device is being charged. A green light indicates charging has completed. When white light flashes 3 times it needs to be recharged.

Buying multiple batteries and our separate Ultra Fast Flower Power Universal Battery Charger will allow you to use your oZone for an unlimited amount of uses.

10

FOR BEST RESULTS

- Keep your oZone clean
- Do not overfill glass mouthpiece
- Keep Prepared and Fully Charged
- Give the unit a little time to cool after 3-4 uses

CARB CAP DABBER CAN BE PLACED VERTICLE OR HORIZONTAL

11

Make Your 710 Life oZone Last!

A few things will dramatically reduce the life of diffuser

- DO NOT:**
- Never use back to back for long periods of time. Give the unit a rest every few turns. Let the unit cool down.
- Do not use any other brand battery or you can permanently damage your oZone's Circuit Board. Our batteries have a specific charging circuitry for safety and not all other batteries or chargers use this circuitry.
- Never apply water to heater for cooling or cleaning.
- Never alter, bend, twist, or otherwise stress the cable, connectors, heating rod or any other parts.

12

Cleaning:

- Only clean units while powered down, unplugged, and completely cooled down.
- Unscrew and clean nail, glass and ceramic adaptor with a soak in isopropyl alcohol or denatured alcohol then wipe clean
- Clean surfaces gently with an alcohol dampened cloth or alcohol wipe.
- Regular cleaning of glass attachment, nail and ceramic adaptor will increase flavor, performance and airflow.
- Alcohol swabs or wipes will help you keep it clean.

13

Cleaning (cont'd):

- To clean glass attachment, first remove the glass attachment from your 710 Life oZone, then pour out all the dirty water. Slowly pour 99% isopropyl alcohol into the mouthpiece. Shake the attachment gently until clean. Pour out the alcohol, then pour water into the top of the mouthpiece until all alcohol is flushed out of the bottom of the attachment.
- To remove all water from device, blow through mouth piece.

14

Troubleshooting:

Not heating? Double check that you have first reversed the battery making sure that the + symbol is facing up. Then fully charge the unit. If you have already done this, please contact our support team @ 420life.com or call 1-844-420-7420

15

Tip:

Titanium changes color when subjected to high temperature. At ideal temperatures titanium will turn bronze in color with purple / reddish hues (THIS IS NORMAL).

CAUTION:

PARTS LIKE THE CERAMIC ADAPTOR AND NAIL GET VERY HOT AND CAN CAUSE PERMANENT INJURIES, BURNS OR FIRE. USE WITH EXTREME CAUTION.

READ ALL OF THIS MANUAL BEFORE INITIAL USE. KEEP THIS OUT OF REACH OF CHILDREN. DO NOT EVER LEAVE ON OR UNATTENDED.

REMOVE BATTERY WHEN STORING OR NOT IN USE FOR A WHILE!

16

CAUTION (cont'd):

- NEVER CLEAN OR USE WHILE UNIT IS PLUGGED IN. PLEASE COMPLETELY UNPLUG THE UNIT FROM THE WALL BEFORE CLEANING AND ALLOW THE UNIT TO COMPLETELY COOL PROPERLY.
- NEVER USE WHILE UNIT IS CHARGING.
- DO NOT OPERATE AROUND ANY LIQUIDS.
- BE SAFE DO NOT OPERATE AROUND FLAMMABLE OR VOLATILE MATERIALS.
- USE CAUTION WHEN OPERATING UNIT. UNIT IS CAPABLE OF EXTREME TEMPERATURES OVER 700°F. EXTREME BURNS OR FIRE MAY OCCUR.

17

CAUTION (cont'd):

- NOT FOR PEOPLE UNDER THE AGE OF 21 OR THE LEGAL AGE FOR YOUR COUNTRY.
- KNOW YOUR LAWS. IT IS YOUR RESPONSIBILITY.
- NEVER LEAVE ALONE OR USE AROUND CHILDREN.
- USE THIS DEVICE RESPONSIBLY.
- ONLY USE 710 LIFE BRAND PARTS OR IT VOIDS YOUR WARRANTY.
- NEVER OPERATE VEHICLES OR MACHINERY WHILE OR AFTER USING.
- USE ONLY 420LIFE.COM BRAND PARTS OR YOU CAN BURN OUT YOUR DEVICE VOIDING WARRANTY.

18

WARNING!

ONLY USE GENUINE 710 Life oZone REPLACEMENT PARTS @ 420life.com USING OTHER BRAND PARTS WILL BREAK THE UNIT AND VOID THE WARRANTY - READ CAREFULLY!

Warranty

1 YEAR LIMITED WARRANTY
420Life / 710Life offers a one (1) year limited warranty. The one (1) year period begins from the original date of purchase. The original receipt is required to redeem the warranty. The limited warranty covers one (1) year of electronics, attachments, and structural integrity. If your unit stops working within one (1) year please contact us directly through our website. If a physical defect arises and a claim is made within the warranty period, at its option and to the extent permitted by law, 420 Life / 710 Life will do one of the following:

- repair the product defect or...
- exchange the product with a product that is new or a functionally equivalent device or...
- refund the purchase price of the device if 100% unused.

20

Warranty (cont'd)

Exclusions & Limitations

The Limited Warranty applies only to products manufactured by 420 Life / 710 Life, which can be identified by the "420Life.com" tag or the "Honeycomb 6 Red Eye Bee" trademark, trade name or logo affixed to the device or its printed materials. The Limited Warranty does not apply to any Non 420 Life / 710 Life products. This warranty does not apply to (i) Opening the Enail housing/ casing (ii) power cords not from 420 Life, (iii) any physical damage caused by accident, abuse, misuse, flood, liquids, earthquake, fire, or by any other natural acts or disaster or other external causes; (iv) damage caused by operating the product outside the permitted or intended use as described by 420 Life / 710 Life (v) a device or part that has been modified to alter the functionality or capability without the written permission of 420 Life / 710 Life; (vi) cosmetic damage, including but not limited to damage such as dents, scratches and/or broken pieces. This warranty applies to the original end-user and is non-transferable. 420 Life / 710 Life warranties only apply to devices that are purchased from authorized retailers. Service must take place by an authorized distributor / warranty center.

USE OF ANY OTHER BRAND HEATING ROD OR PARTS VOIDS WARRANTY AND CAN CAUSE UNREPAIRABLE PERMANENT DAMAGE TO YOUR 710 LIFE OZONE AROMATHERAPY DEVICE
